The default password (if you previously have not set a unique password in the online catalogue) is our *own date of birth* in the *form dd-MMM-yy*, e.g.: *04-SEP-94* (in the middle, the first three characters of the month all should be in capital letter).

3. The certificate information window will appear, click *Trust*.

4. After you selected the Trust button, and everything is entered correctly, your device should be connected to the network.
